I can speak like a horse!

Gig Description

I've worked with industry leading multinational firms in a range of industries with a specialization in **Internet Marketing Strategy** for more than 5 years. No campaign is too big or too small for me, I'm excited to help super charge your internet marketing. I have spent upwards of 10 million in a single year through Adwords alone.

First time flow for public profile

Hi I'm Jia, the founder of Stage – before you can be our performer, I want to share our philosophy at Stage.

Entertainment is about bringing happiness to people, it is about smiley face – and that is our mission at Stage, we are a platform to deliver happiness.

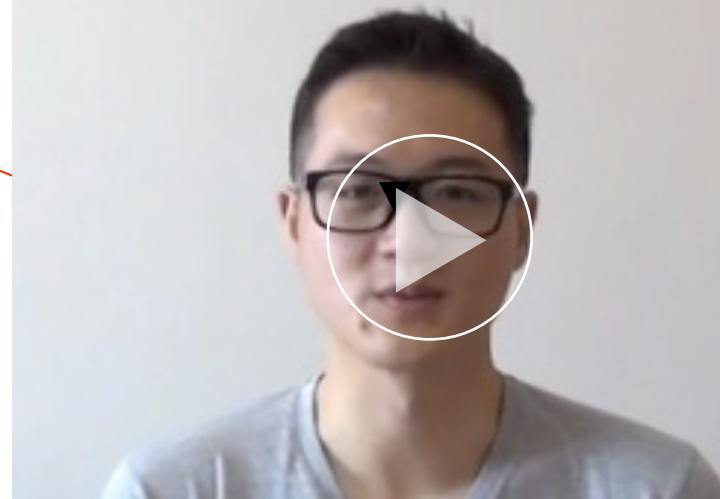

I understand what live entertainment means and I accept all the responsibility stated in the terms and conditions here.

1.41 Disclaimer

First time flow for public profile

There are 2 types of show: The free and the paid ones.

At the beginning you can only start with free shows, once you have proved your popularity. You can start by performing paid shows. It is a progressive charging scheme, the higher your rating is, the more you could charge, that means you could earn more.

I understand the charging scheme and accept the possibility of refund in case of any dispute from client.
